Court Officials interested in having parties use FamilyWise should have the court order state that the "parties are required to have visitation or exchange services and are required to use FamilyWise, as well as follow the rules of that facility". Please do not have the court order state times of visitation or locations; we will work these details out with families. Please also have the court order indicate whether co-pays and/or fees will be split or will be the responsibility of one party. Then, send a referral form for each family to our main office. FamilyWise reserves the right to reject or cancel referred parties.
