

Regional Collaborative DVD Licenses for Paper Tigers and Resilience films

FamilyWise Services is able to offer 1 licensed DVD for the documentary Paper Tigers and 1 licensed DVD for the documentary Resilience to each of the 7 Collaborative regions.

These licenses will allow the licensed Collaborative to host in-person viewings of these films.

Collaboratives that elect to hold the documentary licenses for their regions are asked to share promotional information with the other Collaboratives in their regions when they host community screenings.

If you are interested in holding the license for the Paper Tigers or Resilience film on behalf of your Collaborative's region, please contact [EClary@familywiseservices.org](mailto:ECлары@familywiseservices.org)
